

INTRODUCING: LETTER BUG!

SUSAN JONES TEACHING

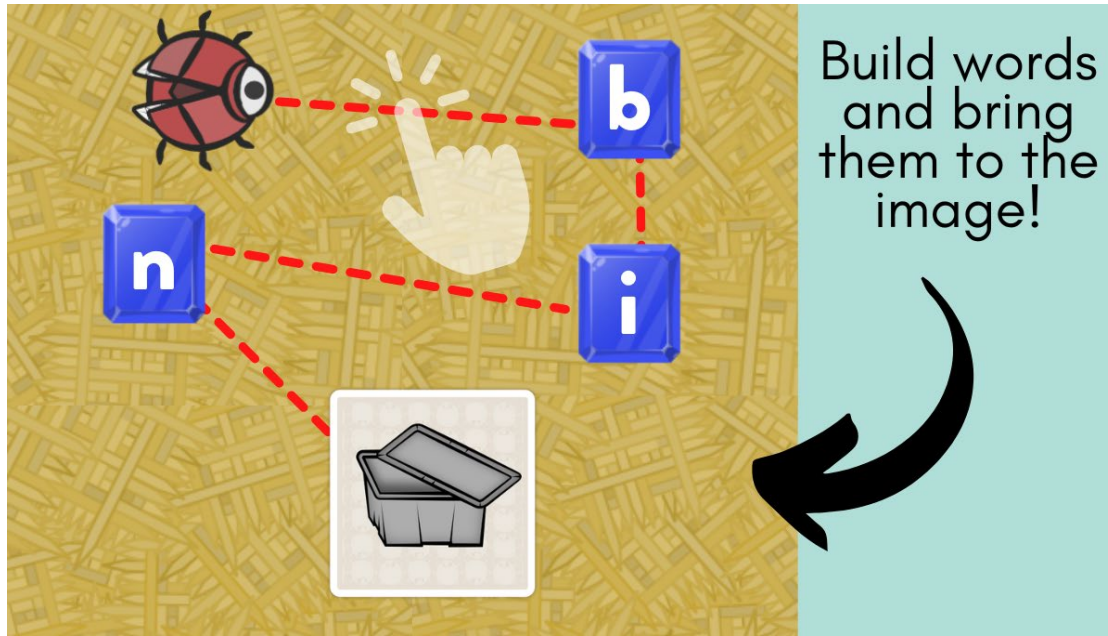

A completely digital,
interactive phonics
game made for kids!

This game has students
using their phonemic
awareness and phonics
skills to segment
sounds in a words,
then find the matching
letters to spell the
word!

They simply lead the
letter bug to the correct
letters to make each
word to win the level!

Over 125 levels
included 😊 and ready-
to-use on tablets or
computers!

FUN, KID-FRIENDLY GAME!

Students (or the teacher) choose a skill set to practice:

- Identify sounds (beginning, middle, or end)
- CVC words
- Silent e words
- Digraphs
- Consonant blends

Levels are randomized to keep it fun for students and to avoid memorization of the levels.

Students collect fun prizes, and they can view their progress for motivation as they learn!
