

INTRODUCING: LETTER BUG

SUSAN JONES TEACHING

A completely digital, interactive phonics game made for kids!

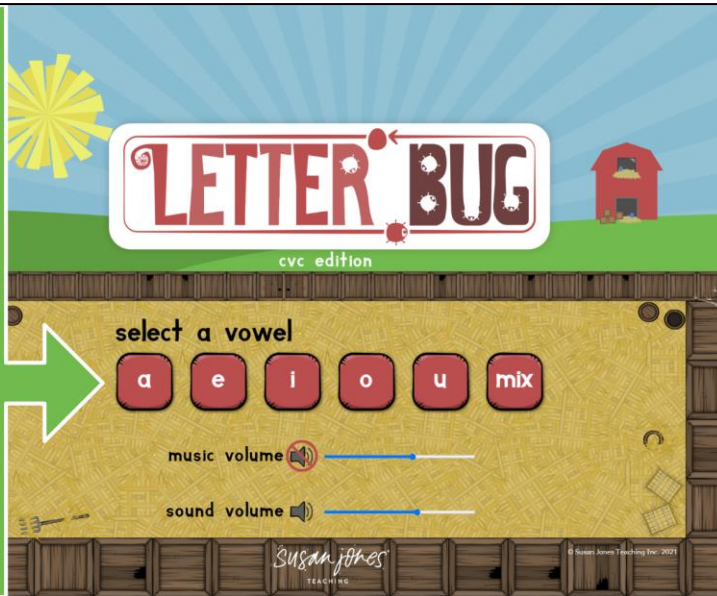

This game has students using their phonemic awareness skills to segment sounds in a CVC word, then find the matching letters to create the word!

They simply lead the letter bug to the correct letters to make each word and win the level!

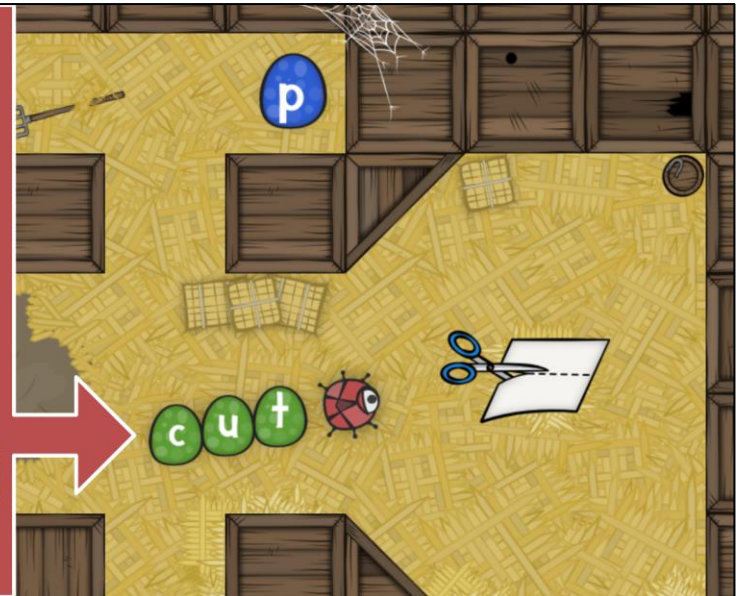

Over 60 levels included 😊 and ready-to-use on tablets or computers!

FUN, KID-FRIENDLY GAME!

Includes
