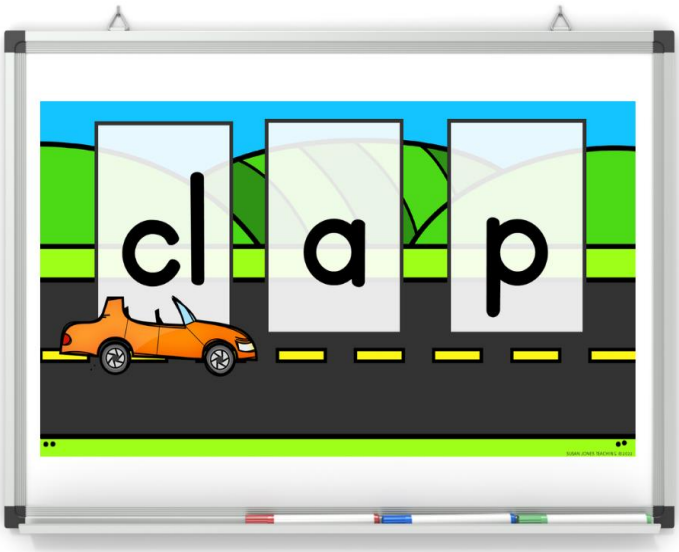
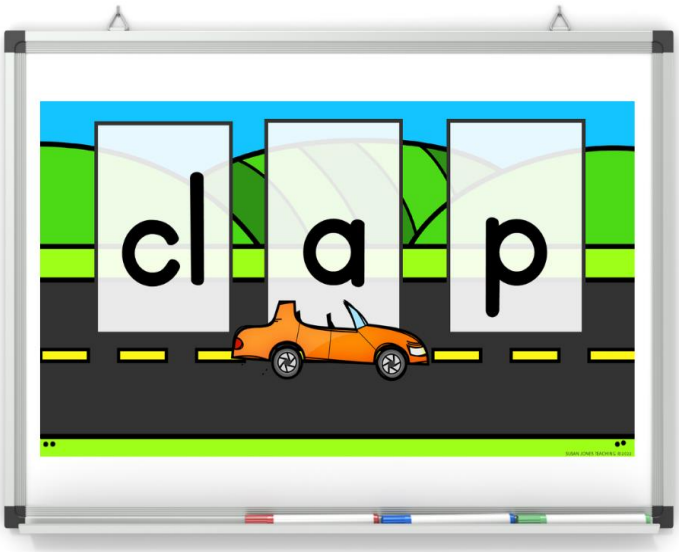
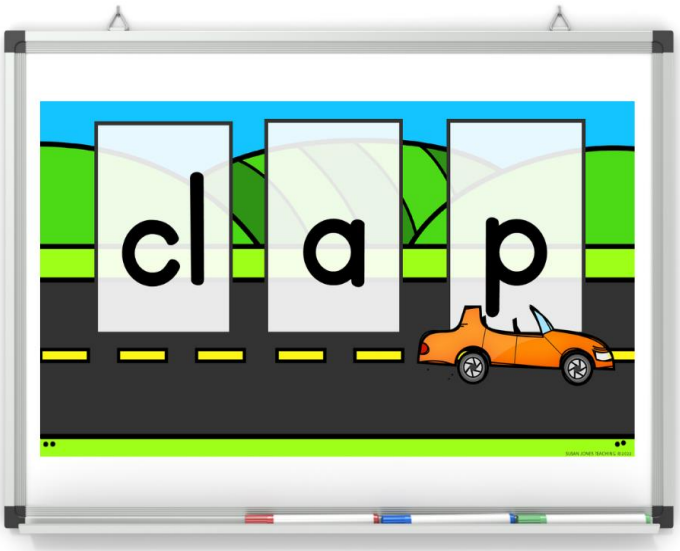
HOW TO USE:

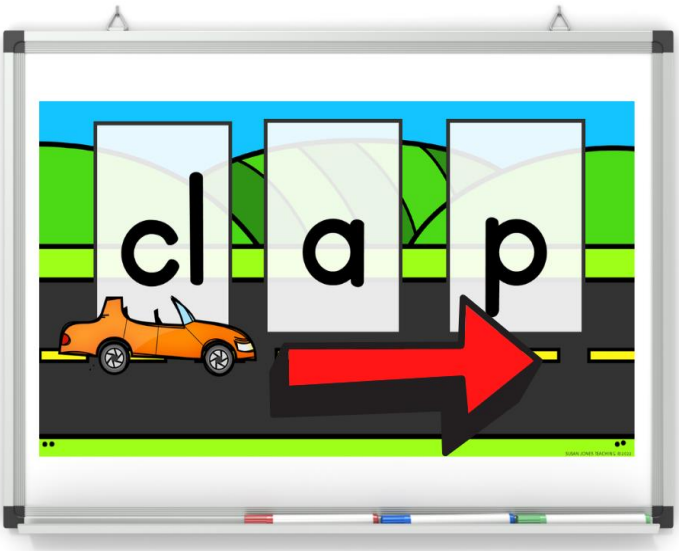
These slides are available in Google Slides for you to display to your classroom. Within the consonant blends version there are 30 real words and 10 nonsense ones with different medial vowels. ***Please note: in this version, I put the consonant blend in one box to highlight the blend and make for easier blending, but students should know the letters make two distinct sounds!***

Simply display the slides under PRESENT mode and click your mouse or the arrow key to move to the next one. Students will say the sound(s) of the box with the moving image underneath (in the blends case – a car). Then, on the last screen for each word the image will move quickly to prompt students to blend the word together. There are real and nonsense words to blend together, and each phonics skill has a different, fun theme!









BLENDS VERSION:

- In the blends version, there are 160 blending slides with a car and street theme for students to use as a phonics warm up.
- There are 30 real blends words and 10 nonsense blends words for students to blend! ***Please note: the blend will be in one box for students to blend together more easily – but the sounds are two separate sounds.***

GOOGLE CLASSROOM INSTRUCTIONS:

- To access the digital slides click below:

- You will be prompted to make a copy of the resource in your Google Drive. Click the blue box "Make a Copy" and you can locate the file in your Google Drive – feel free to change the name or add/remove slides as you see fit. This way you can assign only certain activities at a time.
- You can always come back here and click the link above to access the FULL resource.
- If assigning to individual students: Go to Google Classroom and add an assignment. Select the Google Drive symbol and find the resource you want to assign to your students. **YOU MUST MAKE A COPY FOR EACH STUDENT!**
- Students can type everywhere there is a "type here" box and drag images as they need to complete each activity (not applicable to this activity).

PREVIEW

THANK YOU!

Thank you so much for downloading my phonics blending digital slides! I hope both you and your students enjoy them! To find more ideas, resources, and activities, just follow me at any of the following places:
