

# BLENDS TASK CARDS

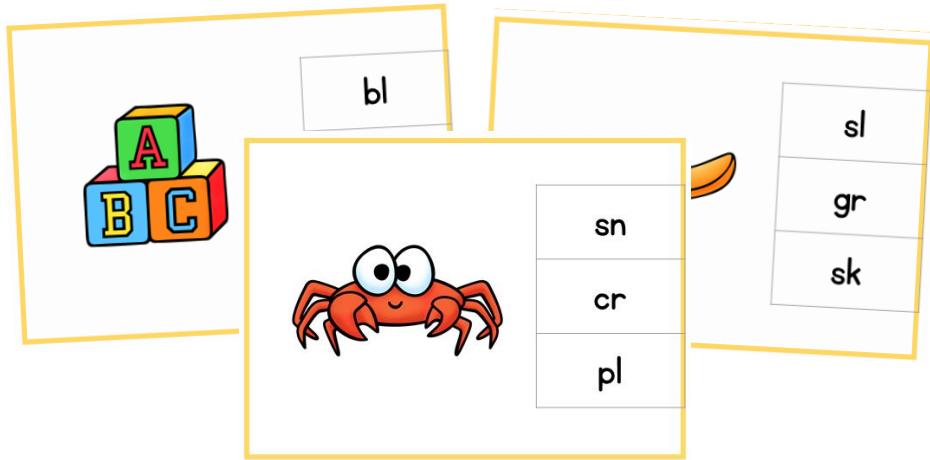

These literacy center task cards are a great way for students to practice beginning consonant blends. There are four different task card centers included in this unit:

- **Say & Clip:** here students will say the image aloud and identify the beginning blend by clipping it with a clothespin.
- **Say & Write:** here students will say the image aloud and identify the beginning blend. They will then write the two letters that represent the blend on the lines.
- **Find and Circle:** here students will look at the blend in the middle of the card and circle images that begin with that blend.
- **Blends Match Up:** here students will match up the images with the beginning blend on the puzzle pieces.

*Please note: these cards should be laminated so they can be used with dry-erase markers over and over again.*

These cards can be stored however you'd like, but I did make them so they fit in these 4x6 photo containers: [Task Card Boxes](#)
