

SILENT E TASK CARDS

These literacy center task cards are a great way for students to practice the silent e rule. There are four different task card centers included in this unit:

- **Find & Clip:** students will say the image aloud and clip the vowel sound they hear in the word.
- **Fill it in:** students will complete the vowel that is missing in the word.
- **Add & Circle:** read the CVC word, then add the silent e to the end and circle the picture that matches the new word.
- **Find It!:** here students will look at the image and find the correct word that matches. They are all similar so they must look closely.
- **Complete the Word:** this activity is similar to fill it in, but instead of just the vowel sound, students will fill in whichever letter is missing.

Please note: these cards should be laminated so they can be used with dry-erase markers over and over again.

These cards can be stored however you'd like, but I did make them so they fit in these 4x6 photo containers: [Task Card Boxes](#)
