

GLUED SOUND TASK CARDS

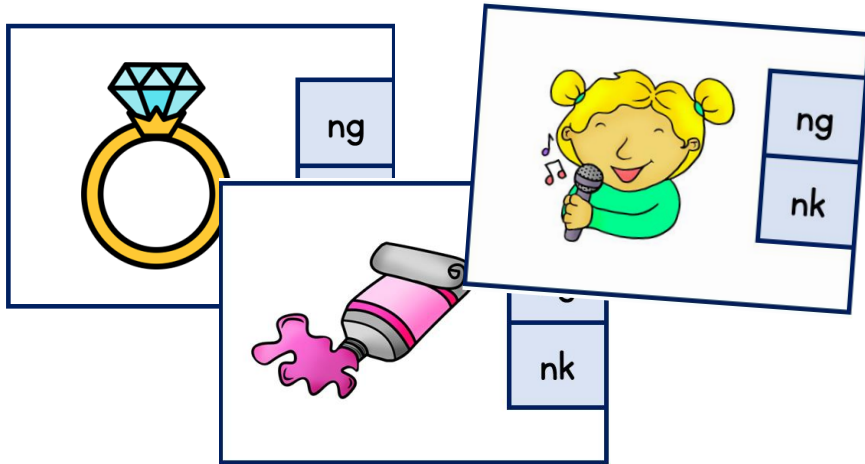

These literacy center task cards are a great way for students to practice words glued sounds! There are five different task card centers included in this unit:

- **Say & Clip:** here students will look at the image and circle or clip ending glued sound they hear (ng or nk).
- **Finish the Word:** here students will complete the missing glued sound in the word.
- **Read & Match:** here students will read the word at the top and circle the image that matches.
- **Change the Word:** here students will read the top word (real or nonsense), then add what is needed to make the bottom image. This will help them hear the difference of the nasalized /ng/ sound. Thin -> think
- **Real or Nonsense?:** here students will read the word and determine if it is real or not.

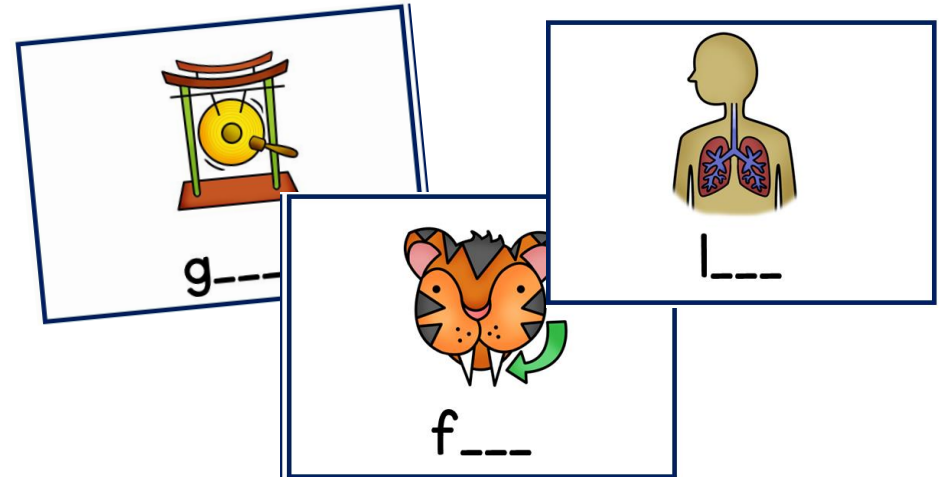

Please note: these cards should be laminated so they can be used with dry-erase markers over and over again.

These cards can be stored however you'd like, but I did make them so they fit in these 4x6 photo containers: [Task Card Boxes](#)

Say & Clip

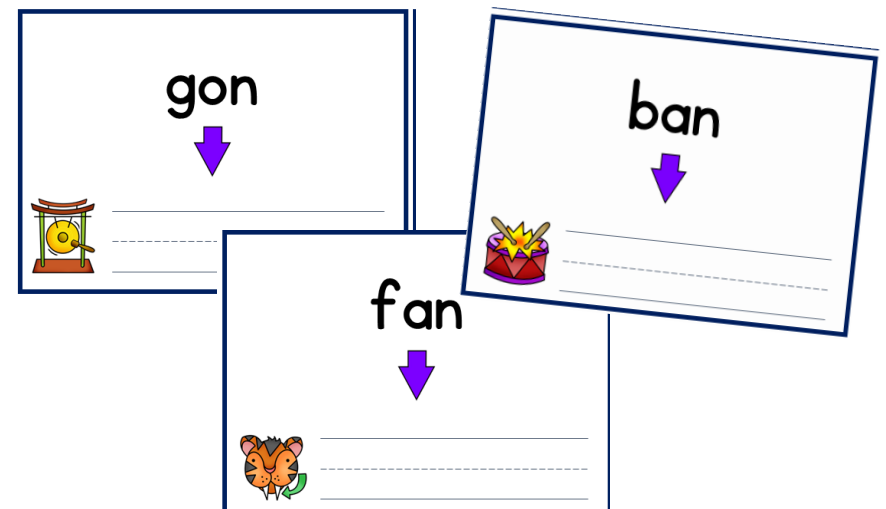

Finish the Word

Match the Word

Change the Word

Real or Nonsense?
