

IN THIS UNIT:

These phonics slides are meant to align with Level K, Unit 3 of a FUN phonics program! These slides help guide your teaching and make your lessons more engaging.

This unit reviews all letter sounds and introduces letter formation of capital letters. There are 300+ slides in this unit designed to teach students to begin blending 3 sounds together to read CVC words.

Here are some example slides:

	• Students will learn how to blend sounds together to read CVC words. • They'll learn when to use c and k, and they'll learn about the letter x.
	• Beginning heart words (trick words) are introduced in this unit. • Students learn them using the heart word method. • Students practice reading the words in isolation and sentences and they also practice writing them.

Please note: While these slides are meant to accompany a popular phonics program, but are no way affiliated, authorized, or sponsored by any curriculum and my own additions and unique spin have been added to these activities.
